Rare Coins on Display At Banks This Week

Cheyenne Coin Club members, observing National Coin Collecting Week, urge local residents to view the displays of rare coin collections at three local banks.

The American National Bank's display includes a rare \$4 U. S. gold coin, valued at \$15,000, and a complete type set of Carson City, Nev., gold coins.

The First National Bank is showing wartime silver nickles along with the story of their development. Rick Walsh, who serves as assistant secretary of the Coin Club, will be available to answer questions.

The Cheyenne National Bank has on display a Wells Fargo, Deadwood, S. D., strong box which was used to carry gold dust and money out of the Black Hills. Large currency issued by the Wells Fargo Banks of

Nevada, silver dollars and silver bard are included in the display.

Also on exhibit is the "Frontier Mint," in cooperation with the Wyoming Bicentennial Commission. The first official pure silver bar commemorates the centennial of the first Cheyenne-Black Hills Stage Run, with a stage coach on the front and the official WBC logo of the colonial cowboy bucking horse on the reverse.

This week marks the golden anniversary of the officially designated hobby of coin collecting in the nation.

Israeli Feuding Ominous

By ROWLAND EVANS

WASHINGTON—The bitterly factional Arab-style politics now overwhelming the caretaker government of Prime Minister Golda Meir has suddenly cast a long, ominous shadow across Secretary of State Henry Kissinger's plan to separate the warring armies of Israel and Syria on the Golan Heights.

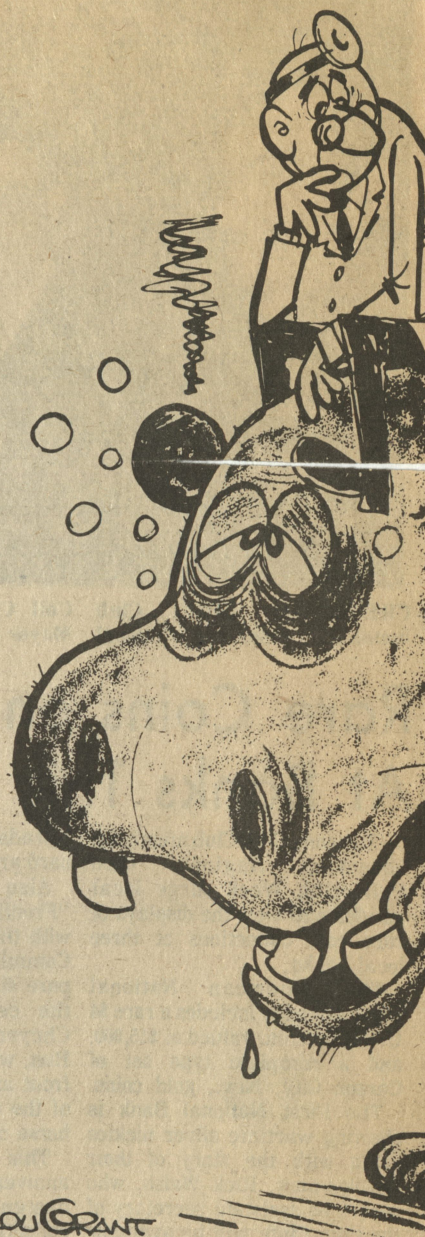

To gain a "separation of forces" on Israeli-occupied Golan, as he did between Israel and Egypt, Kissinger needs strong governments in both Jerusalem and Damascus. Such a government does not exist in Damascus, where President Hafez Assad's own desire to compromise with Israel is under continuing menace from political adversaries.

But until recently, Kissinger's successes in seeking a political settlement between Jews and Arabs have been bolstered by a seasoned Israeli government
